

On **Thursday, November 20**, Irelands Spa and Salon hosted a special day to show support for the animals in Fairfield County. Irelands management and staff helped raise awareness to animal issues in our community while also recognizing the new non-profit group Fairfield County C.A.R.E.S. (Citizens for Animal Rights and Ethical Standards).

Irelands Spa and Salon is located at 1617 Hubbard Dr. in Lancaster. They offer a wide range of services including hair design, nails, massages, facials, waxing and more to pamper the animal in you.

The entire Irelands staff spent the day wearing T-shirts sporting "Irelands CARES for Animals" and playing animal videos for customers. Donations continue to be made to support the mission of the CARES group.

We thank the management of Irelands and their patrons for their support to Fairfield County CARES. We look forward to our next joint event coming soon.

For more information go to Irelands Spa and Salon website at: [www.irelandspa.com](http://www.irelandspa.com) or call 740-653-3228.
